"Texas Women's Foundation has the pulse of the community, and therefore understands where investments need to be made to have an incremental effect on the lives of women and girls. Investing in an organization that has a track record of making a difference in my community is a priority for me."

"I invite everyone in our community to come together and support the investments of Texas Women's Foundation. These aren't investments in women for women. These are investments in women and in girls to elevate everyone in our community. And men and women alike should be engaged in that. The Foundation does great work in screening and identifying the right investments that are truly going to move the levers as quickly as possible in our community."

– **THEAR SUZUKI** | *Thear Sy Suzuki and Eric Suzuki Fund at Texas Women's Foundation*

"A fund at Texas Women's Foundation is all about Leverage, Access & Convenience. I leverage my giving through the Foundation to send an imperative message about the need to fund women and girls, locally and globally. My fund gives me access to distinguished research and disciplined grant vetting on where best to fund to maximize impact. A donor advised fund is the most convenient way to track what goes in and out of your charitable giving bucket."
